

THE CITY SKYLINE SANCTUARY

BANGKOK

ROSEWOOD

Shaped by the Thai 'wai', a gesture of respect, is an urban expression of the region. The hands of tradition and modernity rise skyward in form, taste and cultural exploration.

Within one of Asia's most dynamic cities lies a sanctuary of peace. Each space a pause to the city's pulse, where the edges of the thriving metropolis soften into serenity.

Thai culture is seen and sensed in every moment. From learning the art of Muay Thai to tours of the historic Songwat neighborhood and a rotating showcase of talent offers an ever-evolving experience of local artistry.

Here, each dish and dining space are shaped by a story. At Lakorn, Thailand's culinary landscape is mapped in four directions—fragrant, fiery, delicate and deep. At Nan Bei, Bangkok's Chinese heritage finds a home in refined cuisine. And at Lennon's, cocktails come with crackle and soul, one of the largest vinyl collections in Southeast Asia.

Spirit meets skyline at Rosewood Bangkok. An elevated experience above the city.
