

## A HONG KONG IMPACT JOURNEY

Transform your stay into a journey of meaningful connection.

We invite you to use your USD100 property credit for an immersive impact experience, designed for two persons. Your participation supports our non-profit partner, the LoveXpress Foundation, while connecting you with the vibrant local spirit in the city.

Your impact journey includes:

- *An Insider's Tour*: Explore the vibrant, often-overlooked streets of the Sham Shui Po district, home to numerous local charities and social enterprises
- *A Lunch with Purpose*: Dine at The Edible Project, LoveXpress's social enterprise restaurant dedicated to upskilling youth with special education needs. Engage with talented local youth over lunch and hear their stories.

Additional guests are welcome for HKD400 per person, with a maximum group size of four. A 14-day advance booking is required. The tour does not cover round-trip transportation or any personal expenses.

Please contact our sales representative for more information.
