

THE JEWEL OF JEDDAH

JEDDAH

ROSEWOOD

Rosewood Jeddah rises along the city's iconic Corniche like a modern mashrabiya—framing uninterrupted views of the Red Sea and the evolving skyline.

Inside, the scent of oud and rosewater, the ritual of Arabic coffee and dates, and curated local art draw guests into the soul of Saudi Arabia.

From Al-Balad's historic alleyways to sunset on the water, every experience is thoughtfully connected back to place, through coastal flavors, crafted details, and intuitive, personalized service.

More than a stay, it is Jeddah's jewel: a refined urban retreat where the Kingdom's culture, warmth, and horizon come beautifully into focus.
