

THE SERENE LAGOON ESCAPE

RIVIERA MAYA

ROSEWOOD

A serene escape cradled by the emerald lagoons of Mayakoba. An ecosystem of otherworldly discoveries that echoes the spirit of Mexico — one that comes to life through community, authentic connections and a sense of free-spirited luxury.

Arrive by boat and fall into Mayakoba, where nature is your guide. A sanctuary resting in balance between the Caribbean beachfront and the wild world set behind Mexico's Riviera Maya.

Mayakoba's acres of car-free space invite discovery at every turn — stories waiting to be lived through countless meaningful moments, from swims in aquamarine waters and Mayan herbal rituals to encounters with native herons and curious turtles gliding up to suites.

Mexico's essence is present in texture and taste. Indigenous art grace interior spaces. Cacao ceremonies and temazcal lodges offer soulful renewal. And Mexican flavors sing in every dish, typified by the weekly Chef's Garden Dinner — a shared feast of local bounty beneath the sacred Ceiba tree, where sustainability and tradition come together tableside.

Escape to a land of wonder at Rosewood Mayakoba.
