

# THE BEACON OF HAITANG BAY

[SANYA]

**ROSEWOOD**

[The beacon of Haitang Bay is where ancient island rituals blend with a modern way of life.

Like a lighthouse in form and feeling, Rosewood Sanya stands proudly on the bay's shoreline. Rising above long swaths of sand, shimmering blue waters and towering mountains, this retreat is seen far and wide. A vertical architectural masterpiece with the feel of a tropical escape, offering panoramic views that stretch across the ocean.

The traditions of the Li people, indigenous to Hainan island, are woven into every stay. Witness the complex Li bamboo skipping dance. Observe generational spinning, dyeing and weaving techniques in Maona Village. Savor the region's signature Zaopocu hotpot, bursting with sour and spicy flavors that open the door to Hainan culture.

Inspired by this rich heritage, well-being here is deeply rooted in time-honored remedies. Local herbs and botanicals—expressed through acupuncture, herbal poultices and massage—are at the heart of restorative practices, guiding body and mind toward renewal amid the island's serene embrace. Rosewood Sanya. Where ancient echoes meet tranquil shores.
