ADD-ONS

THE BARRIER REPAIR FACIAL 60 minutes — € 140

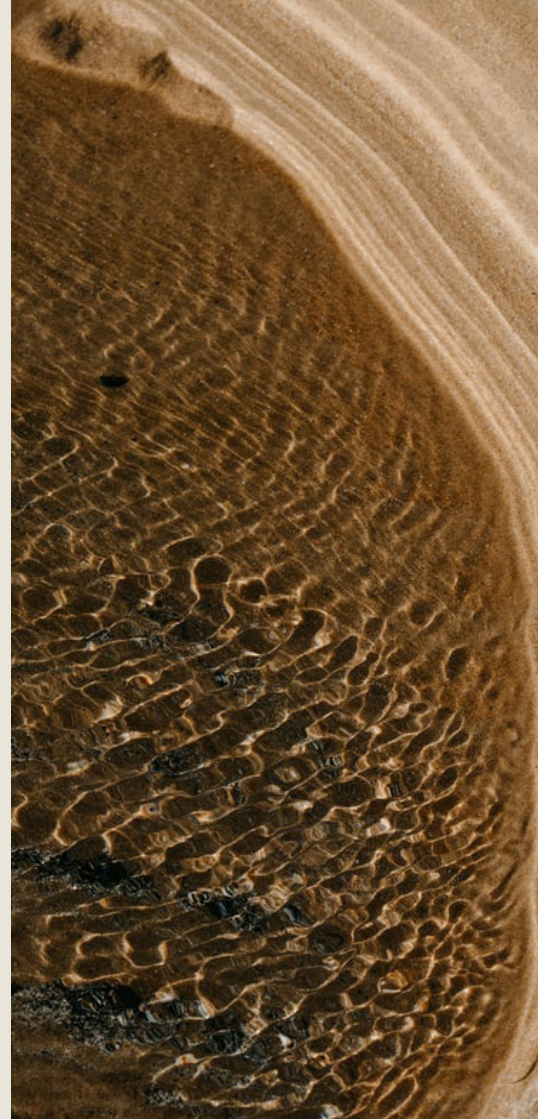

A strengthening treatment for skin that needs comfort and resilience. The Barrier Repair Facial is designed to calm sensitivity, reinforce the skin barrier, and support recovery from daily environmental aggressors. Multi-serum layering delivers concentrated nutrients to nourish, smooth fine lines, and restore softness and radiance. An indulgent massage across the neck, face, and scalp releases deep-set tension and supports circulation, leaving skin soothed, fortified, and visibly healthier.

THE GLOW FACIAL 60 minutes — € 140

A transformative radiance-boosting treatment for tired, dull, or dehydrated skin. The Glow Facial targets the visible effects of pollution and lifestyle stress through advanced mask therapy: the Glow Mask deeply cleanses and brightens, followed by the Moisturising Mask to replenish critical hydration, refine texture, and support elasticity. Skin is left visibly smoother, refreshed, and lit from within with a healthy, luminous glow.

THE SIGNATURE BODY MASSAGE 60 minutes — € 160

A full-body ritual of active restoration, inspired by Susanne Kaufmann's Alpine spa heritage. This bespoke massage blends therapeutic and deeply relaxing techniques to release tension, support circulation, and restore natural balance from head-to-toe. Precious plant oils cushion the skin in nourishment, helping to sustain hydration and softness throughout the treatment. You'll leave feeling grounded, re-energised, and renewed: body restored, mind quiet, skin comforted.
