JUMBY BAY

A ROSEWOOD RESORT

ANTIGUA

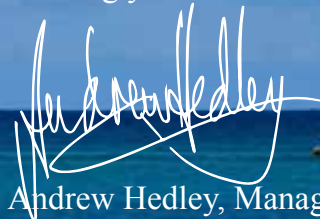

Welcome to Jumby Bay, A Rosewood Resort!

Thank you for choosing to visit Jumby Bay Island this summer season. We hope you will enjoy the tranquility and privacy of our island paradise and every pursuit of leisure it has to offer.

We have created a guide showcasing our summer calendar of sporting, social and children's activities as well as some unique local events. The Guide also features entertaining activities for those times when you feel like a break from the seclusion of your suite, villa or home. The Hawksbill Turtle Experience returns as the natural nesting season begins in July and extends to November, offering many opportunities to see these ancient reptiles and learn about their instinctive nesting habits. Antigua's Carnival begins in the final days of July, culminating in special celebrations all over the mainland. Younger guests will enjoy Rose Buds Carnival activities including Moko Jumbie Stilt walking lessons, Steel Pan Drum music lessons, and vibrant arts and crafts. Jumby Bay guests will enjoy their very own Carnival Barbecue on the beach with fire dancers and live local music, for a taste, sight and sound of West Indian culture.

For more information about any of our activities, please contact us on extension 0.

Wishing you a fabulous holiday!

SPECIAL INTEREST ACTIVITIES

Hawksbill Turtle Experience

This immersive 6 day experience combines the opportunity to join the nightly turtle watch along with a private snorkeling excursion to explore local reefs and possible habitats for the nesting Hawksbill Sea Turtles. An excellent opportunity for family bonding, guests will venture out with “Turtle Team” experts to learn about these ancient reptiles, how they can help protect them, and their incredible migration cycles across thousands of miles of ocean. There will be opportunities to help with beach maintenance to ensure a clean and safe nesting environment. Students will earn a certificate and 6 hours of community service for helping to preserve the Hawksbill Turtle population.

Evening Turtle Watch

Nightly upon confirmed sighting

Pasture Beach offers a natural haven and protected nesting site for the endangered Hawksbill Sea Turtle. The Jumby Bay Hawksbill Turtle Project invites guests of Jumby Bay to witness the nocturnal ritual of Hawksbill turtles nesting and subsequent hatching of eggs. Guests can request a mid-evening wake-up call upon sightings of mother turtles nesting on Pasture Beach, or hatchlings burrowing out of the sand to crawl out to sea.
